GRAND DESIGNS

HOME COLLECTION

Welcome to the Grand Designs Home Collection. Here you will discover impeccable craftsmanship and style.

This collection is inspired by the Grand Designs Australia television program, hosted by architect Peter Maddison. The series shares an authentic and personal insight into the stories behind some of the country's most inspirational builds. No location is too far, no vision off limits. We're now proud to offer you a slice of timeless appeal that is quintessentially Grand Designs.

Across our range, natural materials take centre stage. Notice the incomparable colours, textures and subtleties of elm, oak, linen, wool, art glass, ceramics and hide. Our collection is designed to bring something new and unique to home living. Many items deliver impact through scale, and all tie in with each other for a coordinated look. While perusing our furniture, lighting, plants, textiles and decor - rest assured that each piece has been developed by the experts. We have drawn on years of experience and passion to bring you pieces with character and distinction.

The Story of

SOFA

A prime object on which to entertain and relax - the sofa must be designed to epitomise comfort, sturdiness and good looks. The Grand Designs Home Collection showcases a luxurious 3 Seat Sofa with Arm Chair and Ottoman also on offer for a coordinated lounge setting. All pieces feature removable 100% linen covers in a warm grey to deliver enduring style.

The Story of

OAK

Solid, bold and charismatic – a piece of oak furniture will command your attention without even trying. The Grand Designs Home Collection includes pieces crafted from French-grown logs that are fashioned to size, kiln dried and then finished with a wax oil coating. Genuine, top-quality oak is characterised by its striking grain and unique variations in colour, meaning a piece of oak furniture will have nuances and personality. As a durable hardwood, oak can be depended on for years to come. Each of our pieces has been designed with timeless form in mind.

The Story of

ELM

The elm wood in the Grand Designs Home Collection has a compelling life story. Each table top is crafted from the wood of a former door, supported by legs that once served as structural beams. Notice the close-grained beauty of elm – every segment shows its own natural imprint. The Grand Designs Home Collection turns this solid and durable hardwood into something contemporary.

The Story of

WALL DECOR

Sometimes size equals impact. The Grand Designs Home Collection introduces oversized mirrors, that whilst stunningly decorative in their own right, also offer a strategic interior design function. These pieces can be positioned to bounce light, or open up a room to new spatial dimensions. Our mirrors feature solid fir wood frames for ageless style. Mirrors aside we offer exquisite fabric wall decor pieces in both framed and loose form.

The Story of

HIDE

Traditionally sought-after for its luxurious appeal, hide brings a fashionable accent to contemporary settings. Our pieces are made from genuine hide, with pattern and colour variations giving each item its unique character. The Grand Designs Home Collection draws upon a refreshingly neutral colour palette, letting the hide's luxuriant natural texture remain focal.

The Story of

TEXTILES

Cushions, rugs, wall hangings and throws can infuse even the barest of spaces with comforting ambience. The Grand Designs Home Collection uses luxury materials for ultimate tactile indulgence – including soft enzyme-washed linens and handmade wool/cotton knit blends. The range features neutral tones and soft pastel hues for versatility of styling.

The Story of

DECOR

Our decor collection has an urbane, well-travelled look and feel. The range presents textured ceramic, handcrafted art glass and exotic mango wood pieces with an emphasis on scale. We've crafted our collection to offer a point of difference – something unique. These oversized statement pieces expose the beauty of natural textures, colours and materials and are designed to complement each other for coordinated styling.

The Story of

PLANTS

It's not often that faux greenery can so closely mimic nature. Our plant collection is curated by experts who comb the globe for exceptional components. Back at our Melbourne production house, each arrangement is then handcrafted by our talented stylists. The wooden bowls and hangers in our offering have been fashioned from fallen mountain trees – giving each piece an interesting history through using what has naturally toppled. The range also includes exquisite trees and glass jar pieces.

DO'S & DONT'S

- The recommended humidity for a room containing wooden furniture is between 40% and 60%. Ideal room temperatures are 21°C during the day and no cooler than 14°C at night
- Do not place any wet and/or hot objects directly on tables or other wooden surfaces. Use coasters and placemats
- Wooden furniture, textiles and hides are natural products that are susceptible to staining. Ensure that all spills are tended to as soon as possible
- When cleaning wooden furniture, always work in the direction of wood grain
- Avoid directly exposing your furniture or decor to extreme conditions such as harsh sun, heaters or air conditioners
- Reposition objects placed on wooden furniture from time to time to balance the furniture's exposure to light and thus support even fading
- Do not use harsh detergents or abrasive cloths when cleaning furniture and decor. In many cases, gentle dusting or a dry wipe is the best way to clean surfaces

WOOD TYPE & CARE

OAK

Our oak pieces have been coated with wax oil, providing them with partial resistance to stains.

- Dust frequently with a dry, non-abrasive cloth
- Dry off any spills immediately
- Use a slightly damp cloth with a mild soapy solution to clean if necessary
- Re-treat surfaces with a quality furniture oil applied with a soft cloth every six months. Ensure that wood is clean and dry before re-oiling
- Furniture is designed for indoor use. Avoid direct exposure to harsh sunlight

ELM

Our elm wood tables are crafted from reclaimed materials - giving them superior strength, durability and ease of care.

- Dust frequently with a dry, non-abrasive cloth
- Dry off any spills immediately
- Clean with a damp cloth, avoiding any dripping

FIR WOOD

The fir wood used for our mirror frames requires little maintenance.

- Dry wipe only with a non-abrasive cloth. Do not expose wood to water or liquid cleaning products
- Dry off any spills immediately

MANGO WOOD

Our decorative bowls, candleholders and sculptures feature exquisite yet low-maintenance mango wood.

- Dry wipe only. Use a soft cloth to polish the wood and maintain its natural sheen
- Never use water or detergents
- To avoid fading or cracking, do not expose mango wood to harsh direct sunlight for prolonged periods

SOFA & UPHOLSTERY CARE

The luxurious 100% linen covers of our 3 Seat Sofa, Arm Chair and Ottoman have been pre-shrunk and earned a result of 18 000 on the Martindale rubs abrasion test - classifying their durability as suitable for general domestic use.

- Always refer to the care label attached to your furniture before attempting to clean
- Removable linen covers can be dry cleaned
- Press covers with cool iron if necessary (when removed from furniture)
- Do not machine wash, or tumble dry covers even on low temperatures. This may cause undesired changes in fabric colour and shape. Do not bleach
- Gently vacuum with low suction once a week to minimise discolouration or abrasion of fabric due to dust build up
- Feather and fibre filled cushions should be shaken and/or fluffed regularly to maintain their attractive appearance and comfortable feel. It is normal for foam-filled cushions to soften over time
- To avoid shape changes in your furniture's upholstery and fill, avoid sitting on the arms of your sofa/chair, or on cushion edges
- Some pilling and fuzzing on linen covers may occur through normal use. This is not a product fault, and can be removed by using a domestic clothes brush or electronic pilling remover
- To minimise fading, do not expose furniture to direct sunlight or heat. Suitable window treatments can be used in areas of harsh sunlight
- Furniture is for indoor use only

WARRANTY INFORMATION

We stand by the quality of our Grand Designs Home Collection 3 Seat Sofa, Arm Chair and Ottoman.

Frame: 10 year structural Warranty

Fabric: 2 year Warranty

Foam: 2 year Warranty

Warranty covers replacement/repair of an item that has a manufacturing or material defect that is neither a result of normal wear and tear, or a part of the material's natural characteristics.

Warranty periods commence from the date of sale.

HIDE CARE

As a natural product, your hide item requires particular care to be kept looking and feeling new. Nuances in hide pieces are a natural feature, and add to their individual beauty.

GENERAL HIDE CARE

- Place hide on top of a cotton sheet outside on a dry and sunny day to refresh it and remove dust
- Surfaces may be gently vacuumed on low suction with a specialised vacuum brush head
- Periodically rotate or reposition your hide items for them to wear evenly
- If needed, surfaces can be wiped in the direction of the hair with a soft cloth using a very mild water and detergent solution
- Never wash, soak or dry clean your hide items
- Absorb any spills immediately with a paper towel or sponge, and then wipe in the direction of the hair using a cloth damp with a mild soap and water solution. Next, use a separate cloth dampened with a 5% white vinegar and 95% water solution and wipe in the same direction. This balances PH levels and reduces undesired odours
- Sweep the rug with broom to keep the hair soft and fluffy whilst removing trapped dirt

PLANT CARE

Grand Designs Home Collection's plants promise ongoing pleasure with simple care.

- For best cleaning results, blow away dust from your plant's foliage using a hairdryer on the cold setting
- A pristine duster can also be used to clean your plant - however a soiled duster (especially feather dusters) may make your plant dirtier
- Stains and spills on plants can be gently spot cleaned with a fragrance and alcohol free baby wipe if required
- For indoor use only
